Consent Agenda

Minister's Report – In advance of the meeting, T. Belote sent out his report and the FY18 working budget. He told the Board about a septic situation at the Manse. The septic field is failing and B. Kosiba is investigating two options: a new septic field or connecting to the Jones Building sewer. We are currently pumping out the septic tank. We have not yet spent this year's Maintenance Reserves (estimated \$37K) and B. Kosiba is getting estimates on the two options. T. Belote will bring the Board any estimates received. B. Poteat asked about presenting this to the Congregation.

T. Belote informed the Board that S. Gush, Religious Education (R.E.) Assistant, has accepted an offer from Union Theological Seminary and will be leaving her position at the end of July. The Rising Up post-service celebration will include a reception for S. Gush. T. Belote and M. Hirsch are currently accepting applications for a new R.E. Assistant. They will issue an advertisement for the position, if necessary.

The Annual Pledge Drive (APD) currently has pledges totalling \$474K, with approximately two dozen families still to be contacted. B. Chapman said that C. Cole, APD Co-Chair, plans to have a final report submitted by the end of the week. She will be analyzing the contributions from those who attended a Cottage Meeting and those who did not. She will also examine those who pledged but did not meet the original giving deadline. B. Poteat, on behalf of the Board, thanked T. Belote for his help with the APD, stating that we would not be at this pledging level without his help.

T. Belote then presented a draft FY18 budget and said that he will start fashioning the budget message for the Congregation. A. Wright said that the Finance Committee had seen the proposed budget and had some questions. They are concerned that this is a deficit budget, especially with the long-term issue of the Preschool leaving and the church losing that revenue. There are also concerns about dipping into the financial reserves with the start of the building project. B. Poteat reminded the Board that the Maintenance Reserves are being backed-up by the operating reserves (meaning that when the Maintenance Reserves go to zero then the Operating Reserves cover the costs). There being no further discussion, S. Warshaw requested a motion to approve the proposed FY18 Budget.

- B. Poteat made a motion to approve.
- B. Rote seconded the motion.

All in favor with none opposing.

Process for Payments To Reduce Outstanding Loan – S. Warshaw said that six families are going to donate \$50K each for a total of \$300K to pay off part of the outstanding loan. They have requested to remain anonymous. A. Wright said that the bank is waiving the pre-payment penalty, which results in an estimated \$20K in savings. The loan balloon payment occurring in December 2018 will now be \$112K (\$430K before). The payments will remain the same. This means that the church will be able to have a smaller construction loan, especially with regards to the interest, as we can use the balloon payment money. He noted that the bank is asking about pledges made towards the building project. The Finance Committee is asking for approval of a "Motion Dealing with Gifts Made Specifically to Pay Existing Church Debt". S. Warshaw read the motion and there was no further discussion. [A copy of the motion is attached.]

- S. Warshaw made a motion to approve.
- D. Hill seconded the motion.
- All in favor with none opposing.

A. Wright presented a request by the Finance Task Force to send a communique to the Building Task Force chairs notifying them that they would now need approval for all pre-construction expenditures. This would be followed-up by a request to create a budget for future expenditures. B. Chapman asked if this was not already known. A. Wright replied that all the chairs knew this was coming and a structure was needed. The Finance Task Force would like Board approval to send the email. D. Hill suggested that the Board resolve to pay current expenses but no future expenses until a Task Force budget was in place.

- D. Hill made a motion to approve.
- J. Warnasch seconded the motion.

Discussion of the resolution ensued. B. Rote asked if all Task Forces are spending money. A. Wright said that they could do so without the Finance Task Force knowing. J. Warnasch asked about payment for work already done, such as architect and the consultant. B. Chapman asked if there was enough in the current Task Force budget to cover these costs. S. Warshaw assured the Board that all services delivered would be paid. B. Chapman asked if this proposal was approved, would it mean that the Task Forces could not spend any money? A. Wright replied that would be the case unless there was a compelling argument. B. Chapman noted that the Task Forces have deadlines that cannot be met without funds. A. Wright repeated that expenditure requests would be approved, if the requests were worthwhile. He added that the Executive Committee can approve, if necessary, and that there is currently not a Task Force budget so management of expenses is difficult. B. Poteat informed the Board that there is a Task Force budget. S. Warshaw clarified that the budget was not broken down by Task Forces. B. Poteat added that L. Kirsch created the budget and that all that is needed is an update to that budget. S. Warshaw inquired if there was a process for the Task Force chairs to follow when spending money? B. Rote reminded the Board that it wanted to be "hands off" with regards to managing the Task Forces. S. Warshaw said that the current Task Force budget has been exceeded. B. Chapman reiterated the need to be sensitive to the current Task Force work in progress. B. Poteat suggested that perhaps no motion was needed on the request by the Finance Task Force.

- D. Hill withdrew his motion.
- B. Poteat advised A. Wright to explain to the Task Force chairs about the Task Force budget and to get an update on their expected expenses. S. Warshaw asked who will monitor the expenditures. A. Wright answered that the Finance Task Force would and that they will create a revised budget to present to the Board at the next Board meeting.
- S. Warshaw and T. Belote gave a brief overview of how the Task Forces were functioning and noted that there might be some changes in charters following the transition from S. Warshaw to A. Hencke as Task Force Coordinator.

Planning for the Congregational Meeting – S. Warshaw distributed Congregation meeting assignments in advance of the Board meeting. He would like to acknowledge that there was some confusion at and after the last Congregational meeting. He will note that much of the confusion has been resolved and the Building Project will now move forward focusing on the need for meeting and R.E. space. He would also like to mention the new developments regarding the preschool lease extension and the donations made to help pay off the commercial loan. He plans to mention the strong leadership on the Building Task Forces but that there might be some changes. He will commit to keeping the Congregation involved and informed. B. Nelson asked about the changes, to which S. Warshaw replied that some of the charters have changed since the last Congregational meeting. There was discussion about the options for being involved and informed and it was agreed that there were many and that S. Warshaw would mention options for being informed.

B. Poteat asked that the Agenda for the Congregational meeting include time for the Endowment Committee. They need Congregational approval for the dispersion of funds. The Endowment Committee plans to award mini-grants for the Building/Capital Campaign. There was discussion about the policies and the need for transparency. B. Chapman and J. Warnasch will contact P. Johnson to learn more about the mini-grants. S. Warshaw will add the Endowment Committee to the Congregational meeting agenda.

Gift Policy – J. Warnasch continues to review the church's gift policy. It was recommended by M. Ewert to assign small monetary gifts to the Operating budget and larger gifts to the Endowment Fund.

The newly proposed policy does the opposite. Currently a decision by 2/3 of the Congregation can move funds from the Endowment to the Operating Budget. B. Poteat repeated a request to see the Endowment Committee charter. B. Chapman noted that T. Belote and M. Ewert have both said that too large an endowment can be crippling to a congregation, as it causes members to feel that their contributions are not needed. She also added that P. Johnson says that there is no written record who plans to make designated endowment gifts. Additional discussion of undesignated gifts and the Endowment Committee resulted in an agreement for J. Warnasch, B. Chapman, and the Governance Committee to focus on the issues of the Endowment Committee's charter and policies.

- S. Warshaw requested a motion to table the Gift Policy.
- B. Chapman made a motion to approve.
- B. Poteat seconded the motion.
- All in favor with none opposing.

Annual Congregational Meeting – The Board resumed discussion on the planning for the Congregational meeting, with regards to the set-up and sign-in. B. Chapman will coordinate with the church office for the printing check-in sheets and the proxy forms. B. Rote will assist with setting up for check-in.

Closing – A. Wright offered his process observations for the meeting. B. Nelson noted action items for Governance and the Congregational meeting. A. Wright read the closing words and J. Warnasch extinguished the chalice.

May Minister's Report Rev. Thom Belote 5/9/17

Stewardship Update

As of Wednesday, May 3 we have received **263 pledges for \$468,514**. We are \$11,486 away from reaching our goal! There are still 35 families in the church we are waiting to hear from. What this means is that when it all shakes out we should easily reach our goal of \$480,000 and perhaps exceed that goal by a significant amount.

There's a lot of number crunching to do and I will let the Annual Pledge Drive team take care of that in a future report. I will say that my impressions are that the cottage meetings yielded good results, that lots of people increased their giving, often significantly, and that pledges from new(er) members were healthy and at times surprisingly generous.

The Annual Pledge Drive process is also the time in our church year when we discover what our membership attrition for the year will be. There will be some membership attrition to report, likely within normal levels, and I will plan to make a membership report at either the June or August board meeting.

Finally, while the real appreciation goes to the Annual Pledge Drive chairs (Ivy Brezina, Cathy Cole, and Paige Smith) as well as to all of the volunteers, especially hosts, assistants and facilitators, I want the Board to be aware of ministerial involvement in the campaign.

- In February / March, I conducted 3 trainings for cottage meeting leaders.
- In March, I hosted one cottage meeting, facilitated two additional cottage meetings, and attended a fourth.
- In March and April, I wrote text for weekly email blasts to recruit for cottage meetings, and announce progress with the campaign. I also supervised Elisabeth in sending these emails and Andrea in making updates to the website.
- In April I went through the list of the ~130 who had not yet pledged and made a list of those who had pastoral sensitivities or special considerations and needed a gentler ask.
- In April and May I facilitated communication between Andrea and the Annual Pledge Drive team so that calls would not be made in error to those who had already pledged.
- Made about a dozen Annual Pledge Drive follow-up contacts in April-May.
- Will take the lead in contacting the final 35 families who have not yet pledged.

I list these contributions not to "toot my own horn" but to indicate what a typical level of support for the Annual Pledge Drive entails.

Dear Task Force Leaders,

Greetings from the Finance Task Force. One job we have is to track expenses for the building project, and as we move ahead we need to update the pre-construction budget for expenses the various task forces will incur. The Board of Trustees is charged with approving the pre-construction budget and changes to it, and I would like to ask for approval of our latest updated budget at the June 13 board meeting.

To get there, could your task force please send me what future items you foresee spending money on by June 6? Please include what the expense is for, the timing of when you expect to spend it, and the amount. In the meantime, if you have an expense that must be incurred before the next board meeting, just let me know and I will ask for an executive committee meeting of the board, probably a conference call, to get whatever budget in place that you might need.

Please consider that when you talk to a vendor there may be a charge for that consultation, so factor that in to your numbers.

As we progress on this journey together, we will keep you updated on where your expenses are coming in vs budget. When you find that you have additional expenses to be added, please let me know so that I can request approval for an updated amount.

We have many challenges ahead but I am optimistic that we will overcome them and emerge stronger than before. The finance task force members look forward to helping where we can, and please let me know if you have any guestions.

Action Needed: Please send expected pre-construction expenses by Tuesday, June 6, including what it is for, when it will be spent, and amount.

Thank you for all the work you have already done and the future work yet to come, Andrew Wright
